Dick Cheney will lead them on the hunt, Ted Kennedy will drive them back to their cabins each evening, and Bill Clinton will entertain their wives and daughters.

What a lady! That Sarah is such a sport and thinks of everything!

Change is good!

Two Little Old Ladies

Two little old ladies were sitting on a park bench outside the local town hall where a flower show was in progress. The thin one leaned over and said, *'Life is so boring. We never have any fun any more. For \$10 I'd take my clothes off and streak through that stupid flower show!'*

'You're on!' said the other old lady, holding up a \$10 bill. The first little old lady slowly fumbled her way out of her clothes and, completely naked, streaked (as fast as an old lady can) through the front door of the flower show.

rent-control ordinance.

Mira Mar Mobile Community may be the most likely park in the city to have mobile homes used as vacation units because of the park's location on a bluff overlooking Oceanside Harbor and the ocean, Assistant City Attorney Barbara Hamilton said.

But the state law applies to all parks, Hamilton said.

Tower Management Co. of Pasadena, which runs Mira Mar on behalf of the owners, Kendall West LLC of Burbank, cited the law when it raised the rents on 51 of the 171 residences in the park. Rents would be raised from \$350 a month to \$850.

Since then, owners of six properties have proved that Mira Mar is their first home and have been exempted from the rent increase. C. William Dahlin, a Santa Ana attorney representing the park owner, told the city's Manufactured Home Fair Practices Commission on Thursday night that the owner has offered long-term leases to owners who opt out of rent controls.

Waiting outside, her friend soon heard a huge commotion inside the hall, followed by loud applause and shrill whistling. The smiling and naked old lady came through the exit door surrounded by a cheering crowd.

'What happened?' asked her waiting friend.

'I won 1st prize as 'Best Dried Arrangement'.'

"Unsure of the future and unable to afford the rent increase," Kelley said, "five residents have sold their homes to the park owner for 10 cents on the dollar. This is more than just a rent debate. It is beginning to destroy people's lives."

The homeowners group obtained a temporary restraining order in Superior Court on Jan. 28, preventing the rent increases. A hearing has been set for 1 p.m. March 20 in Vista Superior Court on whether to make the order permanent.

On Wednesday, the City Council voted unanimously to join the case to protect its rent-control laws.

Palomar College Trustees to Consider Approving Contracts

About a dozen contracts for the construction of a large academic building on the campus of Palomar College came under the withering eyes of the cost-conscious trustees last night. Work on the 100,000-square-foot building began in November on the San Marcos campus. The \$37 million building will house several departments, including business administration, computer science and American Indian studies. It's expected to be finished in late 2010, officials said.

The 11 contracts considered last night included fire protection, plumbing and roofing. They also included purchases of sheet metal, ceramic tile and metal decking. The contracts add up to nearly \$19 million.

grants, without once acknowledging that they make huge contributions to the economy, including taxes to the government agencies which provide the services you cite.

The study you cite was very shallow, commissioned by Supervisor Bill Horn to reflect an anti-immigrant bias, based on estimates or extrapolations of the percent of estimated illegals compared to the overall cost of services (without any analysis of how many "illegals" actually use those services), and - most important - didn't consider any of the monetary contributions to the economy or the tax base, including state and local.

On the other side of the coin is Social Security and Medicare. In 2004, for example, undocumented workers contributed \$7 billion to Social Security and \$1.5 billion to Medicare, but they never get any of this money back because they are ineligible for either program. This happens year after year.

It's not about whether they should be here or not. They are here and the question is what to do about it. You and others are just flapping your jaws and making each other feel good with your simplistic slogans and solutions. We can't deport them all and they aren't going to "go home." Stop living in a fantasy world and start contributing to solutions that are realistic and needed. And stop spreading misinformation.

I have a talk and powerpoint presentation on "Immigration Myths and Realities" which I would be happy to share with you or your readers. Contact me at 760-758-2410 or ncforum@sbcglobal.net.

This e-mail is written in response to the article entitled, "Illegal Immigrants-Go home".

First I would like to mention that this is one ignorant and racist article. Why ignorant? Because even if it presents numbers it ignores historical facts. Why racist? Because it is obvious to me that this article is directed to Mexican people. As a response I would like to provide some historical facts about the many people of the Americans (the true Americans) who have migrated or have ended up as part of this nation in the last 150 years. Mexican people ended up as part of this nation because of an Euro-American invasion first in land for thousands of years and many of them have originated from this land. Today the issue is not about race, it is about power and greed; in other words about class and exploitation.

I can assure you and the author of this article that me and the rest of you who are very angry at my words have more in common than in difference. /s/Eduardo Aguilar, Oceanside, Ca.
