

'Chuckles' Cont. from Page 13

"I haven't had this much fun since flying choppers in NAM. Don't worry about getting shot by pirates as they never even got close to the ship with those weapons they use and their crappy aim--reminds me of a drunken 'juicer' door gunner we picked up from the motor pool back in Nam" ----"chopper' Dan, Toledo USA.

"Like ducks in a barrel. They turned the ship around and we saw them bleed and cry in the water like little girls. Saw one wounded pirate eaten by sharks--what a laugh riot!! This is a must do." ---Zeke-Minnahaw Springs Kentucky USA

Profound Thoughts of Men

Two men are out just fishing quietly and drinking beer.

Almost silently, so as not to scare the fish, Bob says, 'I think I'm gonna divorce my wife... She hasn't spoken to me in over two months.'

Kevin continues slowly sipping his beer then thoughtfully says, 'You better think it over, Bob. Women like that are hard to find.'

Beer Theories and More . . .

"Sometimes when I reflect on all the beer I drink, I feel ashamed. Then I look into the glass and think about the workers in the brewery and all of their hopes and dreams. If I didn't drink this beer, they might be out of work and their dreams would be shattered. I think, "It is better to drink this beer and let their dreams come true than be selfish and worry about my liver."

"I feel sorry for people who don't drink. When they wake up in the morning, that's as good as they're going to feel all day."

"When I read about the evils of drinking, I gave up reading."

"24 hours in a day, 24 beers in a case. Coincidence? I think not."

"When we drink, we get drunk. When we get drunk, we fall asleep. When we fall asleep, we commit no sin. When we commit no sin, we go to heaven. So, let's all get drunk and go to heaven!"

"Beer is proof that God loves us and wants us to be happy."

"Without question, the greatest invention in the history of mankind is beer. Oh, I grant you that the wheel was also a fine invention, but

the wheel does not go nearly as well with pizza."

Dave Barry

BEER: HELPING UGLY PEOPLE HAVE SEX SINCE 3000 B.C.!

Remember "I" before "E," except in Budweiser.

To some it's a six-pack, to me it's a Support Group. Salvation in a can!

One night at Cheers, Cliff Calvin explained the "Buffalo Theory" to his buddy Norm:

"Well, ya see, Norm, it's like this. A herd of buffalo can only move as fast as the slowest buffalo. And when the herd is hunted, it is the slowest and weakest ones at the back that is killed first. This natural selection is good for the herd as a whole, because the general speed and health of the whole group keeps improving by the regular killing of the weakest members! In much the same way, the human brain can only operate as fast as the slowest brain cells. Excessive intake of alcohol, as we know, kills brain cells. But naturally, it attacks the slowest and weakest brain cells first. In this way, regular consumption of beer eliminates the weaker brain cells, making the brain a faster and more efficient machine! That's why you always feel smarter after a few beers."
